Summary Statement:

A recent graduate of the CS50x and CS50web courses from Harvard University with a strong computer science and web development foundation. I am seeking a junior developer position to utilise my skills in Python and JavaScript, as well as my 5 years of experience in team leadership and logistics. Holding a valid driver's license and personal vehicle available for transportation needs.

Education:

- CS50x and CS50web, Harvard University, 2022-2023
 - Coursework included: Introduction to Computer Science, Web Development with Python and JavaScript

Work Experience:

- Team Leader Support and Forklift Driver, GX0 (former XPO), 2016-2021
 - Led a team of support staff in the warehouse and distribution centre
 - Assisted in the planning and execution of logistics operations
 - Operated and maintained forklifts and other machinery
 - Trained and supervised new team members
 - Managed pickers and stock checking

- Created new user accounts for pickers
- Delivery Driver, Amazon, 2021-Present
 - Delivered packages to customers in a timely and efficient manner
 - Maintained a clean and organised delivery vehicle
 - Resolved any issues or complaints from customers

Skills:

- Proficient in Python and JavaScript
- Familiar with web development frameworks such as Django, Flask, and React
- Experience with jQuery and other JavaScript libraries
- Strong problem-solving and analytical skills
- Team leadership and management experience
- Proficient in operating forklifts and other machinery
- Excellent communication and customer service skills
- Valid driving license and own vehicle
- Proficient in Adobe Illustrator and Photoshop
- Good Microsoft Excel and Access skills, familiar with data management and data analysis
